Dear 6th Grade Parents and Guardians:

The sixth grade students will leave from the school for their Glen Brook trip on Monday, November 4th at 8:00 am and will return on Friday, November 8th. Travel will be by chartered bus. The students will leave Glen Brook on Friday at 9 a.m., so that they will arrive in time to take their regularly scheduled buses home from School.

The focus for this trip is Astronomy, giving students a chance to experience the stories of the stars and the quiet of a dark country night. On the other end of the spectrum, the 6th grade will also work on their fire-building skills—essential for the long northern November nights!

Please remember to complete all the necessary medical forms that Mrs. Catherine Gorman, Waldorf's School Nurse outlined in this message. Please be sure to also complete the Dietary Needs Form. We need this information in advance of the trip so that we can purchase food and plan ahead for any allergies that your child has. To prepare your child for this trip, please follow the packing list from our website, as it is essential that we are prepared to go outside in any November weather!

I'm pleased to begin running the School Programs at Glen Brook. I've been working at Glen Brook—with various job titles!—for 12 years, including working alongside school programs in different capacities. Of course Mark will still be here, too, but focusing his work on summer camp throughout the year. If you have any questions please don't hesitate to call me at Camp Glen Brook: 603-876-3342.

All the best,

Jake Lewis
School Program Director
Gap Program Director
