Dear 5th Grade Parents and Guardians:

We are excited about your child's upcoming Glen Brook trip from **October 2 to the 6th.** The theme for this trip will be botany, giving students a chance to discover and learn about a wide variety of plants and trees here at Glen Brook. The 5th grade will also hike Mount Monadnock while here, making it imperative that they come with warm enough clothes to be outdoors in any weather - in early October the weather can be quite variable, and on top of the mountain we could have a pleasant day or face frigid winds.

Please remember to complete all the necessary medical forms that Mrs. Catherine Gorman, Waldorf's School Nurse outlined in this message. Please be sure to also complete the [Dietary Needs Form](#) on the Waldorf School website if you have not already done so. We need this information in advance of the trip so that we can purchase food and plan ahead for any allergies that your child has. To prepare your child for this trip, please follow the [packing list](#) from our website, as it is essential that we are prepared to go outside in any October weather!

Please do not hesitate to be in touch if you have any questions.

Thank you,

**Mark Stehlik**
