

**Dear WSGC Parents:**

We are truly thrilled to welcome your children back to Glen Brook this fall, and to re-acquaint them with the forest, fields, and streams here on the hill. To our eyes, it looks like the land misses the hands and hearts that have graced this place for so many years. We know that children need to connect with each other and the natural world through work and play. These times make those needs clear, even as it makes them a bit more complicated to fulfill.

So much has changed in the past months, and not even Glen Brook has been immune. Below you will see some familiar updates, and some new ones. Thank you for taking note of each:

- In advance of your trip, we will share Glen Brook's Pre-Arrival protocols with you
  - To manage risks for your children and for our staff, you must follow these protocols in advance of your child's trip to Glen Brook.
  - You will receive additional information regarding important changes to the general Glen Brook rhythms from your class teacher.
- Please remember to complete all the necessary medical forms that Mrs. Catherine Gorman, WSGC's nurse.
- Please also fill out the [Dietary Needs form](#) if you have not already done so.
  - **This information is critical so that we can cook nourishing, safe food for your child while they are here.**
- Please also follow this [packing list](#) so that your child is ready to weather the weather, whatever the weather.

We are keeping a close watch on recommendations from the CDC, the State of New York, the State of New Hampshire, and an assortment of other peer camps and organizations to stay abreast of best-practices, changing recommendations, and new restrictions. Risk management is always at the forefront of our program planning, and we are confident we can manage the risks COVID-19 imposes. Thank you in advance for being nimble along with us as we adjust to new situations as they develop.

May you be smiling,

**Jake Lewis**

School Programs Director
